No COLA, Tanked Investments yet SCE&G wants a 9.5% Rate

Attention: For SCE&G utility customers only

If you are outraged at the timing of SCE&G's request for an almost 10% rate economic struggle unparalleled since the depression, then you can do some. Consumers can voice their opposition to this pending rate increase by writing. The letters should reference Docket No. 2009-489-E and be sent to:

[Public Service Commission of South Carolina](#)

Att: Docketing Dept.

P.O. Drawer 11649

Columbia, SC 29211

The Office of Regulatory Staff will accept letters of protest through March 22

Facts you should know:

- SCE&G was approved for a 2.5 percent rate increase annually for the following a 4.4 percent rate hike in 2008.
- New rate hike will boost residential power bills for the average SCE&G \$140 a year by July 2011.
- For Duke Power customers, the cost of 1,000 kilowatt hours is about \$9 recent rate increase. For SCE&G, the same level of power costs \$118. The r granted, would put it at \$130.
